A reservation designated as the Southwestern Alaska Fisheries Reservation having been created by the Executive Order of November 3, 1922, Eugene Norton, whose post office address is Homer, Alaska, is hereby authorized to catch and salt herring for commercial purposes at Halibut Cove, Kachemak Bay, within the Cook Inlet district of the said reservation, during the winter season of 1923-24, under the following conditions:

1. That Permit No. Cordova 5-1923, issued April 10, 1923, to the above named permittee, granting various fishery operations, is hereby canceled, and in lieu thereof a new permit, granting specific provisions with regard to herring operations, is issued to said permittee, in accordance with instructions from the Commissioner of Fisheries.
2. That the permittee is authorized to operate fifty (50) fathoms of gill net only, for the taking of herring in Halibut Cove and the adjoining lagoon. The use of purse seines is prohibited in Halibut Cove and the lagoon.
3. That the pack of salt herring shall not exceed one hundred and fifty (150) full barrels.
4. That the permittee shall observe the existing laws and regulations for the protection of the fisheries of Alaska and for the administration of the said reservation, (copies of which are attached hereto and the conditions of which are made a part of this permit), as well as those that may hereafter be enacted or promulgated for such purposes.
5. That all herring fishing operations shall terminate January 31, 1924, after which time a close season will be imposed through May 31, 1924; however, if at any time before January 31, 1924, the quality of the fish is not suitable for packing, all herring operations shall immediately cease, and a close season will thereupon become effective, and this permit will become void. This permit is not transferable and is revocable at any time at the pleasure of the Secretary of Commerce.
